Dear Prime Minister Harper,

Omar Khadr is a Canadian citizen. All other Western nations have been able to bring their citizens home from Guantanamo Bay!

Omar Khadr was only 15 when he was captured. If he goes on trial in Guantanamo, he will be the be the first child soldier to go on trial for war crimes since Nuremberg

True, the Liberals failed Khadr when they were in power. However, the responsibility to do the right thing now rests with you. And we now know that the assurances that he was being treated well are false.

Do the right thing. Bring Omar Khadr home!

Sincerely,
