

# BAD FOR CANADA! BAD FOR THE WORLD! SAY NO TO STAR WARS II

## The U.S. Missile Defense Plan (MD) is bad news:

- ◆ MD is part of a U.S. plan to place weapons in space (The US Space Command web site says so).
- ◆ MD will provoke new conventional and nuclear arms races both on Earth and in space.
- ◆ MD will undermine arms control and disarmament
- ◆ MD will make Canada and the world less secure.
- ◆ MD will divert funds from health care and social programs.
- ◆ MD runs counter to Canada's traditional multilateral approach to security and its long-standing support for international non-proliferation, arms control and disarmament agreements.

## I demand that the Government of Canada

- ◆ stop talk with the U.S. about participating in MD.
- ◆ say a resounding "NO!" to missile defence.
- ◆ work with other countries for an international agreement to end the development of missile technology.
