

# JUSTICE FOR MOHAMED HARKAT!

*A March and Rally to Demand Justice for Mohamed Harkat  
and an end to the Security Certificate*

**NO ONE IS ILLEGAL!**

**2:00pm, Sunday, March 2nd, 2003**

Human Rights Monument (Elgin and Lisgar)

Mr. Harkat is being held in jail **WITHOUT CHARGES**, but under the allegation that he is linked to Islamic terrorist groups and activities, accusations which the government has not supported with evidence. Now he faces removal to Algeria where he would be killed.

Mohamed Harkat's trial is very important, because it sets a dangerous precedent, by a government intent on proving to the United States that it's doing something about terrorism.

Today the government is denying Mr. Harkat's human rights and his right to a fair trial. Who will be next?

**We demand that Mohamed Harkat:**

- 1) be released immediately
- 2) not be deported
- 3) be allowed due process – the right to a fair trial, the right to know what he is charged with, the right to hear evidence against him and the right to defend himself in court

**We also demand:**

- 4) that the secretive and unjust Security Certificate mechanism be abolished
- 5) an immediate end to all deportations to Algeria and a return to the moratorium
